**Jody Pettit, MD**

**Strategic Leader, PHR Work Group**

**Certification Commission for Healthcare Information Technology (CCHIT)**

Dr. Pettit is currently serving as the Strategic Work Group Leader for the Certification Commission for Healthcare Information Technology on the certification development for Personal Health Records. She is on the Advisory Committee to the Oregon Health Record Bank project for Medicaid beneficiaries. Dr. Pettit is a board-certified internist practicing part-time as faculty with the Department of Medical Education at Providence Ambulatory Care and Education Center and Legacy Internal Medicine Residency Program. She also serves as a Clinical Associate Professor in the OHSU Department of Medical Informatics and Clinical Epidemiology.

Most recently, Dr. Pettit was the Health Information Technology Coordinator in the Office for Oregon Health Policy and Research. She served as the Project Director for the Oregon Health Information Security & Privacy Collaboration (HISPC).

Since 2000, she has been actively involved in health information development projects including serving as the Director of the Oregon Health Information Infrastructure project for the Oregon Healthcare Quality Corporation, Chair of the State of Oregon Health Policy Commission's Electronic Health Records and Healthcare Connectivity Subcommittee, Chair of the Chronic Disease Data Clearinghouse Steering Committee, and Metropolitan Portland Health Information Exchange project consultant for the Oregon Business Council's Data Exchange Committee.

From 2001- 2005, Dr. Pettit served as the Portland InterHospital Physicians Association (IPA) Medical Director, and prior to that she was the clinical consultant for the electronic medical records company MedicalLogic/Medscape.

Dr. Pettit holds an MD degree, a Masters degree in Health and Wellness administration, and a Bachelors degree in General Science.
