Juan Alaniz, Jr.

Project Manager, State of Washington, Health Care Authority

Juan is a senior health policy analyst within the HCA policy division. His current role involves staffing the Washington State Health Information Infrastructure Advisory Board (HIIABB) and managing the Health Record Bank Project (HRB).

He is a graduate of the University of Texas at El Paso with a B.A. in Political Science and has served in various public and private sector health care policy and operations positions.

He served as an occupational therapy specialist in the United States Army and then as a Medical Service officer in various capacities. His public sector experience includes program management at the State Department of Health, in the State Medicaid program, and at the Washington State Health Care Authority in both operational and policy roles. In the private sector, he was with Electronic Data Systems (EDS).
